## Reasons to buy a Swift Motorhome

Whether you are seeking exhilarating adventure or peace and tranquility, our aim at Swift is to make your holiday as comfortable and enjoyable as possible

[Find out what sets Swift apart](#)

1

## Reliable Build Quality

Exclusive to Swift, SMART Construction is the UK's most popular modern construction system. Years of research and rigorous testing went into its development.

**No wonder we've given  
it a 10-year manufacturer  
bodyshell warranty**

SUBJECT TO T&CS

2

## Protecting good looks

GRP outer skin, hail resistant roof and GRP rear gives a tougher exterior; more impact resistant than aluminium and easier to repair than ABS. Inside, cushioning tested to extreme, bleachable carpets and optional SwiftShield fabric are all designed to keep your home from home looking its best.

**Swift motorhomes are built to last**

# 3

## Touch Control

Swift Command with new touchscreen control panel, user friendly design and easy to follow navigation with compatible smartphone app to manage key functions like heating.

Vehicle management at your fingertips

4

## Secure and Save

With a pre-installed Swift Command Thatcham Category 6 approved pro-active tracker (subject to annual subscription) and VIN CHIP™ identification system concealed within construction to deter theft and aid quick recovery, you can better secure your vehicle and save with insurance discounts (Discounts depend on insurance provider).

## Outstanding Customer Service

Get issues resolved promptly with Connect Direct, our dedicated online customer service account for new owners. Report any problems directly to Swift, and we'll work with your dealer to resolve it as quickly as possible.

With you every step of the way

# 6

## Approved Dealer Network

With the largest dealer network, expert advice is on hand right across the UK thanks to our Approved Dealer Programme. Extensive training programmes for dealer teams through the Swift Academy to support and enhance your Swift experience.

**Wherever you wander, you're never too far from a Swift Dealer**

7

## Relaxing Space

Stay warm and sleep tight every night with Grade 3 heating and insulation along with a Duvalay Duvalite lightweight memory fibre mattress, exclusive to Swift, on all fixed beds.

Relax in comfort on the premium seating – with supportive cushioning and sprung beech slats.

**You're assured of a comfortable stay**

# PURE CLASS

The classic Swift Bessacarr was completely redesigned last season to stunning effect. With its striking Black metallic cab and complementary Black Edition graphics, distinctive streamlined low profile and lavish interior, Bessacarr is a true icon of luxury and high performance.

All models are built with the sector leading SMART construction incorporating balanced panel GRP side walls and timber-less framing. A pull out pannier locker adds useful exterior storage.

Bessacarr boasts a generous range of thirteen layouts, with front lounge and travelling dinette options, plus a selection of fixed bed arrangements including two layouts introduced last year with mid-transverse washroom and rear fixed beds, that have proved to be popular choices.

The attention to detail of the stunning interior is impressive with the skyview panoramic sunroof bathing the interior with light. Oyster Grey curved upper locker doors with gloss 'Aralie Sen' inlay and 'Silverado' soft furnishings with soft fabric wrapped edged furniture exude luxury, whilst Alde heating ensures your Bessacarr is a motorhome for all seasons.

The toning fabrics enhance the sculptured seat cushions which provide comfort and durability. There is also a SwiftShield and full leather option.

A relaxed night-time is assured with all fixed beds, including drop down beds, fitted with the exclusive ultra-comfortable Duvalay Duvalite mattress, containing lightweight memory fibre technology. Energy efficient LED's, dimmable spotlights and luxury full width curtains create the perfect ambience.

The well-equipped kitchen with the exclusive Dometic CU600 oven, comes with innovative scratch resistant FENIX NTM® worktops. Most models also have a spacious, tall, slimline Dometic fridge.

With a new larger touchscreen and improved user interface, the enhanced Swift Command system makes it even easier to remotely monitor and control onboard functions like heating and selected lighting. The system incorporates the option to subscribe to a pre-installed Thatcham Category 6 approved pro-active tracker, to better protect your precious possessions.

Further refinements include bronze dash trim, steering wheel controls, alloy wheels and chrome entrance doorway handle. Washrooms are well-appointed with vanity cupboard, radiator and mirror lighting. The luxurious standard features are continued outside with a reversing camera for easier manoeuvring and a roll-out awning.

Powered by the Fiat Euro 6 2.3 litre, 130bhp turbo diesel engine, all models have a 6 speed manual gearbox with an automatic option. Cab air-conditioning, cruise control and a Status 570 TV aerial are available with the keenly priced Lux Pack.

### Notes

- The Maximum User Payload includes:
  - the conventional load (this is the allowance for passengers)
  - essential habitation equipment (items and fluids required for safe and proper functioning of habitation equipment)
  - optional equipment (items available from the manufacturer over and above the standard specification)
  - personal effects (those items not covered by the above)

- The Mass in Running Order is the mass of the unladen vehicle including a 75kg allowance for the driver plus engine coolants and 90% of the fuel tank capacity and 1 x 6kg Calor Lite LPG cylinder.

The MRO is calculated with the fresh water tank empty. If you travel with water in the fresh water tank then the payload will reduce accordingly.

- Please take care to ensure that you have allowed for the masses of all items you intend to carry in the motor caravan, e.g. passengers, optional equipment, essential habitation equipment and personal effects, such as clothing, food, pets, bicycles, sailboards, sports equipment etc.
- Warning - under no circumstances should the maximum technical permissible laden mass of this motor caravan be exceeded.

\* Estimated

\*\* For optional roof ladder add 125mm to length and 40mm to height.

# Please note that the additional weight of the tow bar and trailer nose weight increases the rear axle loading of the motor home so care should be taken that the rear axle load is not exceeded when towing. To ensure adequate road holding, the load on the front axle, under all conditions, must not be less than 40% or more than 70% of the total weight. Care must be taken when distributing loads. The loadings and weights above are maximums and must not be exceeded under any circumstances.

† With this vehicle configuration it will be necessary to reduce the payload carried inside the van when towing to ensure that the MTPLM and maximum axle loads are not exceeded.

‡ The maximum trailer weight is limited by the gross train weight which must not be exceeded. For example if the vehicle is at the maximum MTPLM of 3850kg, then the maximum trailer weight possible is 1650kg. Reducing the weight of the vehicle by removing payload, will allow you to increase the trailer weight up to a maximum of 2000kg.

## VALUE ADDED PARTNERS

Swift is delighted to have secured exclusivity to fit the Duvalite mattress as standard in all fixed bed models across all motorhome ranges. This innovative lightweight Memory Fibre Mattress is as comfortable as memory foam but has many other benefits. Constantly innovating Duvalay ensure our customers have the premium night's sleep they need and deserve.

Way back in 1994 Swift chose Alde heating systems to help make their motorhomes feel more like home. Proudly made in Sweden since 1949, Alde delivers the quietest, most comfortable motorhome heating for the great explorers of the world, and keep on innovating to this day. Swift motorhomes are tested down to minus 15 degrees to ensure you stay cosy no matter where your journey takes you.

Swift recommend Oyster satellite TV and broadband. Permanently mounted dishes fold away neatly when travelling then raise and locate the satellite signal automatically seconds after activation. Made in Germany, they come with a 3 year warranty and there is a dedicated UK service centre.

Swift Group are proud to support a charity local to them called the Daisy Appeal. The Daisy appeal is giving loved ones faster, more accurate, diagnosis of three of the region's biggest killers – cancer, heart disease, and dementia.

The Charity's aim is to provide a world-class PET-CT scanning facility which will provide a comprehensive clinical service alongside an ambitious clinical research programme exploring new applications of imaging techniques.

Currently in the UK, most PET-CT scanning is carried out on cancer patients. However, it has great potential in various heart, neurological and other diseases. Many of these will necessitate the use of short half-life radioactive 'markers' which will need to be manufactured on site. Hence the requirement of a purpose built cyclotron, radiochemistry and radiopharmacy facility.

For every caravan, motorhome and holiday home sold, Swift Group make a donation to the Daisy Appeal, helping them to reach their goal of becoming the UK's number one PET-CT service.
