Injecting emotion into every journey.

FLEURETTE CONSTRUCTEUR

Responsible Choices,
French manufacturing.

«Continuously looking to the future, our teams carry on our company's 50 years of «Made in France» craftsmanship, from our first Super folding caravans right up to our latest 7OLD low-profiles.» Our commitment has not changed since we started: "Creating high quality, premium recreational vehicles designed for the onboard wellbeing of our motorhome users." And we have delivered on our promise for over 55 years through our expertise in cutting-edge techniques combined with our hand-crafting skills, to deliver products that meet the highest expectations. Our experience and customer focus have enabled us to adapt to changing behaviours and nurture the passion for motorhomes that excites us as much as our customers. We are committed to tackling environmental and financial challenges by improving our production methods. Our environmental impact, local production, choice of materials, energy savings and more form part of our key priorities.

+ 2,000
hours of training
every year
for our employees

100%
of our vehicles are
fitted with EURO 6D
engines to reduce their
environmental impact.

94% of our suppliers
of European plywood hold
PEFC certification,
which guarantees
sustainable
forest management.

We aim to work with local
partners within a radius of
20 km of our sites
in order to support the regional
and national economy and
reduce our carbon footprint.

Since 2005 FLEURETTE CONSTRUCTEUR belongs to the European group Rapido, a leader in the today's market for motorhomes, mobile homes, fitted vans and vans with elevating roofs. We share with the group the values of a family business: proximity, quality and innovation for French customers and their European neighbours.

STRIVING TO DEVELOP WITHIN A DURABLE, HEALTHY ECOSYSTEM

*Our commitment
for more than 55 years.*

SUPPORTING THE LOCAL ECONOMY

We prefer local partners in order to support the regional and national economy, and help minimise the carbon footprint created by transporting our goods.

As part of the French Fab, which promotes French industries abroad, it is important to us that we choose suppliers who share our values and environmental concerns, and are involved in our local economy.

REDUCING OUR ENVIRONMENTAL IMPACT

We are committed to minimising the impact of our business on the planet through: our waste processing policy (from suppliers to recycling); 94% of our suppliers of European plywood holding PEFC certification which guarantees sustainable forest management; a study on introducing compactors in 2022; and support for a local association that creates hives to produce organic, healthy honey.

MODERN, ECO-FRIENDLY MANUFACTURING

This vision came into play when we increased our buildings. When we built our new plant in Benet in 2018, numerous measures were taken in terms of heating, lighting and water. Everything was done to protect natural resources.

MORE ENERGY-EFFICIENT VEHICLES

- 100% LED cell lighting for a 10-fold reduction in energy consumption, which can be which is automated to adjust consumption as much as possible.
- Shower head with water saver for more autonomy.
- Polyester front and roof in our motorhomes for better insulation.
- Battery management system to monitor the remaining autonomy of the cell battery.
- Optimised dust extraction equipment for healthy air and reduced CO2 emissions into the atmosphere.

RESPONSIBLE EMPLOYER

At FLEURETTE CONSTRUCTEUR, we are committed to the sustainability of employment and work every day to include and develop the skills of our teams. Benevolence, perseverance and commitment are the key values that inspire all of us in our missions. Today, the company is training a new generation of employees to meet the challenges of the future: innovation, transfer of know-how, etc. Recruiting alternates and setting up partnerships with schools enable us to promote our jobs and thus train young talent.

Choose Fleurette Constructeur:
the specialist in **PREMIUM FRENCH MOTORHOMES**

FLEURETTE CONSTRUCTEUR has always drawn on its meticulous manufacturing work to offer elegant motorhomes with sophisticated interiors, where a blend of the traditional, the modern and the creative make a harmonious whole. FLEURETTE CONSTRUCTEUR is one of the few companies to have its own polyester workshop and to manufacture all of its furniture and composite parts. "We have an eye for detail and high standards in terms of quality and finish. That is why we wanted our employees' skills to cover all areas, from design to assembly." Our teams hand down this unique know-how and keenly use those skills to satisfy all of our Florium by Fleurette motorhome enthusiasts.

TWO BRANDS AND TWO STYLES FOR MOTORHOME TRAVEL

Florium by Fleurette has its longstanding signature charm with welcoming woodwork and cosy styles.

Florium has its bright styles and decisively modern touch.

MODELS DESIGNED BY OUR DESIGN OFFICE

Using high-performance design software, our developers strive every year to bring you new layouts and ingenious designs that match your lifestyle and deliver great storage spaces.

LEARN ABOUT OUR EXPERTISE AT FLEURETTE-CONSTRUCTEUR.FR/EN/

Joinery FITTED

Today, combining industrial performance, digital order processing and artisanal craftsmanship, the joinery team draws on its skills and a wide variety of processes, working together to relentlessly enrich the layouts of our motorhomes.

- Two woods, two styles:
- **Walnut** for Discover, Magister and Migrateur.
 - **Cedar** for Baxter, Mayflower and Wincester.

100% REINFORCED POLYESTER bodywork motorhomes

Today, FLEURETTE CONSTRUCTEUR is the only manufacturer in Europe with 100% polyester bodywork vehicles, which are produced entirely in our factory in the Vendée region.

- QUALITY, DURABLE RAW MATERIALS.**
- 1/ The high-tech gel coat.
 - 2/ The fiberglass lining.
 - 3/ The resin matrix.

Recovery System, The only assembly method OF ITS KIND IN EUROPE

- The hood, roof and rear are attached/ affixed without drilling, by covering the sides.
- Wraparound panoramic wideangle windscreen, increased visibility for your safety.
- Lowered full-width polyester storage area on chassis extension. It is padded and heated for greater insulation.
- Flush bay improving the thermal insulation and security of your vehicle (cannot be removed from the outside).

Protect System, OPTIMAL DURABILITY and INSULATION

The insulating XPS Styrofoam (30 mm of Styrofoam either side and in the floor) is renowned for its great thermal and acoustic insulating properties, water-resistance and lightness.

The fibre composite/wood combination strengthens the structure of the walls and floor, combining the long-lasting properties of the composite with the exceptional solidity of solid wood.

- 1/ Styrofoam
- 2/ Wooden strip
- 3/ Polyurethane strip
- 4/ Polyester

Travel further afield and explore your emotions.

The travelling instinct with **FLORIUM**

Only available for models: Magister 70 LMF and 74 LMF, Discover 71 LMF, 74 LJG and 75 LMF.

COMFORT AND DESIGN

for your daily well-being.

TOUCHSCREEN-CONTROLLED HEATING FOR YOUR MOTORHOME

Touch screen-controlled heating for your motorhome Truma Combi Heating owes its success to the fact that it is compact, effective and reliable. It combines hot water and heating in a single piece of equipment. Every year, Truma redevelops its systems to remain the most innovative brand in Germany.

- Operates on gas and electricity (as an optional extra*).
- Air and water are heated with 97% efficiency using 1800W electric resistance heating.
- Collision sensor that cuts the gas in the event of an accident.
- Exists in two systems, Combi 4 E (4000 W), Combi 6 E (6900 W). The Truma EH makes it possible to use the heating on 220V.

*This season, this is provided as standard on the models 55, Magister 70LMF/74LMF and Discover 71LMF/74LJG/75LMF.

LUXURY BEDDING

Sleep is essential to your health and wellbeing, which is why we want you to be as comfortable as possible. All of our mattresses are made from 35kg/m² density soy-based Evoluflex foam and sit on a slat base.

BENEFITS :

- 12 cm highly durable foam panel
- 150 g/m² hypoallergenic fibre padding
- anti-acarid jersey equipment on both sides of the bed
- adapts to your morphology

EXCELLENT SERVICE QUALITY

for purchases made with complete peace of mind

FLEURETTE ASSISTANCE:

SERVICES
FREE-OF-
CHARGE
FOR THE FIRST
YEAR

24 hours a day, 7 days a week, in France, abroad or at home, a team of trained on-line motorhome troubleshooting and assistance engineers are available to reassure you and assist you whatever happens.

Services free-of-charge in the 1st year for all new Fleurette* and Florium* motorhomes

*After 12 months, you will be asked if you wish to continue the service For more information, contact +33 3 29 29 85 85

To find out more about our assistance service, visit www.fleurette-florium.fr/en

WARRANTY AND SERVICES:

WATER-TIGHTNESS WARRANTY
INCLUDING 3 YEARS
WITHOUT FOLLOW-UP INSPECTION
WARRANTY 5 YEARS

All the materials in contact with the exterior are rot-resistant and create a watertight shield that enables us to offer you a 5-year watertightness warranty, including 3 years without follow-up inspection. To ensure that this guarantee is as effective as possible during these 5 years, a watertightness check will be requested at the start of the 4th and 5th year.
