Fleurette Constructeur

CHOOSING RESPONSIBLE, FRENCH MANUFACTURING

Our teams have a definite focus on the future while upholding our company's Made in France craftsmanship from our first "Super" folding caravans to our new Black Pearl campervan. Our commitment has not changed since we started out: "Creating high quality, premium recreational vehicles designed for the onboard wellbeing of our motorhome users." And we have delivered on our promise for nearly 60 years through our expertise in cutting-edge techniques and our hand-crafting skills, to satisfy the most demanding customers. Our experience and customer focus have also enabled us to adapt to changing behaviours and nurture the passion for motorhomes that excites us as much as our motorhome users. We are committed to tackling environmental and financial challenges by improving our production methods. Our environmental impact, local production, choice of materials, energy savings and more are all key priorities for us.

OVER 2,000 HOURS OF TRAINING
every year for our employees.

94% of our suppliers of European plywood hold PEFC certification, which guarantees **SUSTAINABLE FOREST MANAGEMENT.**

WE AIM to work with our **LOCAL PARTNERS** within a radius of 20 km of our sites in order to support the regional and national economy and reduce our carbon footprint.

OVER 2,000 POPLARS REPLANTED EVERY YEAR as part of our involvement in a reforestation project in the heart of the Marais Poitevin regional park.

Since 2005, FLEURETTE CONSTRUCTEUR has been part of the European group RAPIDO, which operates in the motorhome, mobile home, fitted van and pop-top van markets. We share with the Group the values of a family business: proximity, quality and innovation for French customers and their European neighbours.

Evolving into a healthy, sustainable ecosystem.

OUR COMMITMENT,
FOR NEARLY 60 YEARS.

REDUCING OUR ENVIRONMENTAL IMPACT

We are committed to minimising the impact of our business on the planet through our waste processing policy (from suppliers to recycling), a study on introducing compactors, and support for a local association that creates hives to produce organic, healthy honey.

FLEURETTE CONSTRUCTEUR is supporting a poplar reforestation project in the heart of the Marais Poitevin regional park. Through the “1 vehicle purchased = 1 tree planted” campaign, we are raising awareness of current and future issues in the French forestry sector.

MODERN, ECO-FRIENDLY MANUFACTURING

This vision came into play when we extended our buildings. When we built our new plants in Benet in 2018 and 2023, numerous measures were implemented in terms of heating, lighting and water. Every effort was made to preserve natural resources. Other developments are currently being studied.

MORE ENERGY-EFFICIENT VEHICLES

- 100% LED lighting in the living area (meaning 10 times less energy consumed).
- Water-saving shower head for greater autonomy.
- Polyester front and roof in our motorhomes for better insulation.
- Battery management system to monitor the remaining battery cell life.

SUPPORTING THE LOCAL ECONOMY

We prefer local partners in order to support the regional and national economy, and help minimise the carbon footprint created by transporting our goods.

As part of French Fab, it is important to us that we choose suppliers who share our values and environmental concerns, and are involved in our local economy.

RESPONSIBLE EMPLOYMENT & TAILOR-MADE TRAINING

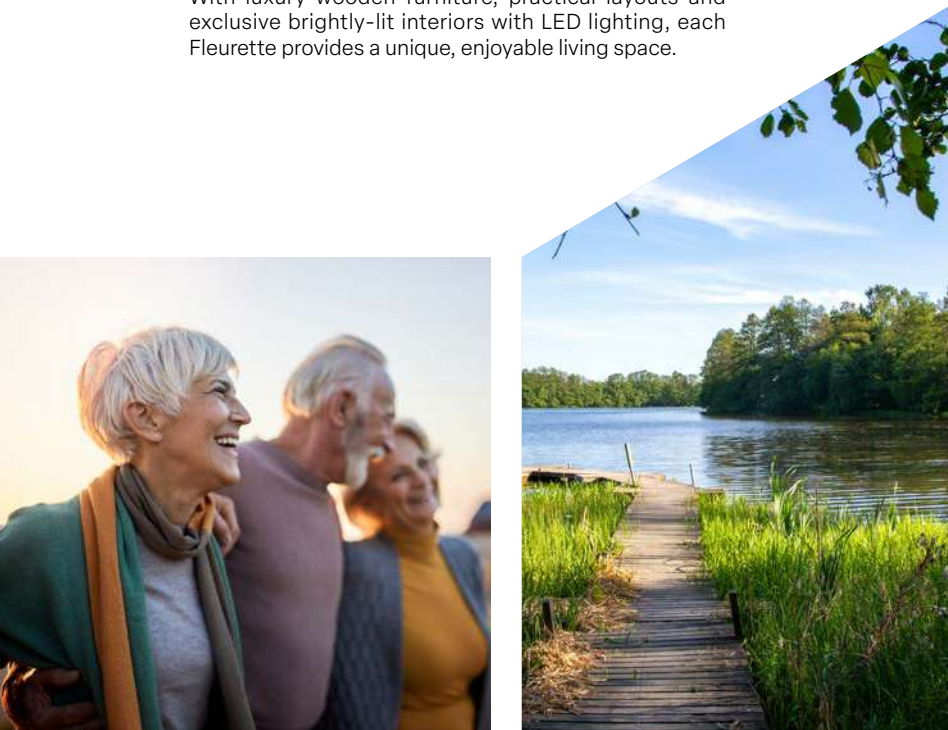

The company is training a new generation of employees to meet tomorrow's challenges, with innovation, the transfer of know-how, skills development, and more. By recruiting work-study students and setting up partnerships with schools, we can raise awareness of our businesses and train young talent.

In 2023, FLEURETTE CONSTRUCTEUR created L'École de la Manufacture in partnership with the Compagnons du Devoir. This custom training course for manufacturing is aimed at applicants looking to find work or retrain. The goal is to offer training that leads to a job.

-FLEURETTE-

Reimagined charm, authenticity and elegance.

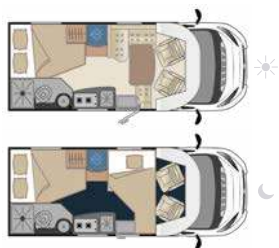

Fleurette embodies the excellence of Made in France with its unrivalled elegance and refinement. This year, we wanted to offer you a new interior style in our vehicles. With luxury wooden furniture, practical layouts and exclusive brightly-lit interiors with LED lighting, each Fleurette provides a unique, enjoyable living space.

NEW

⬠ *BLACK PEARL* ⬠

A CONTINUING STORY

In the 1980s, Fleurette – sister brand to Florium – was already making fitted vans, well before starting to manufacture motorhomes. Black Pearl also evokes an iconic limited edition series that left a lasting impression on Florium clients a few years ago. When you choose a Florium campervan today, you become part of our great pioneering tradition.

MEETING NEW NEEDS

As the market evolves, needs change and clients now seek more compact and practical options. Florium has adapted by naturally entering the campervan market and offering modern, nimble solutions.

PREMIUM STANDARDS

With a Skyview, luxury upholstery, Truma Diesel heating, plenty of storage, Vario washroom and more, every detail has been designed to deliver outstanding travel comfort aboard our first Florium campervan.

LAYOUTS TO SUIT EVERYONE

Catering to all needs, the Black Pearl comes in two lengths and layouts: 5.90 m with transverse bed or 6.30 m with twin beds.

Watch a video about
the Black Pearl

ELEGANCE & COMFORT IN A COMPACT SIZE

Black Pearl by Florium is a luxury campervan with a chic, French style, handcrafted furniture, and exclusive, high quality upholstery. Enjoy stress-free, environmentally-responsible travel thanks to the innovative, travel-adapted technology solutions: 100 Ah lithium battery, compressor refrigerator and 100% LED lighting.

Black Pearl 63LJ

WE LOVE

- Standard alloy wheels.
- Skyview, which introduces plenty of natural light.
- Practical, well-equipped kitchen with plenty of storage.
- Large compressor fridge (135 litres), delivering the right amount of power autonomy for longer journeys.
- The clever washroom features Vario, so you can instantly transform the space between a generous shower and a spacious toilet by pivoting the dividing wall.
- The comfort of a superior heating, even in extreme conditions.
- Black Pearl special upholstery and interior decor, with a french style.
- 4 bodywork colours available.

**TOUCH SCREEN-CONTROLLED
HEATING FOR YOUR MOTORHOME**

Truma Combi Heating owes its success to the fact that it is compact, effective and reliable. It combines hot water and heating in a single appliance. Every year, Truma redevelops its systems to remain the most innovative brand in Germany.

- Depending on the model, it runs on gas or diesel (electric mode as option*).
- Air and water are heated with 97% efficiency using 1800 W electric resistance heating.
- Collision sensor that cuts the gas in the event of an accident.
- Available in two systems, Combi Gas or Diesel.

*This season, the Truma EH is provided as standard on the Wellness Edition Baxter 69LJG, Magister 70LMF and 74LMF, Discover 71LMF, 74LJG and 75LMF

Comfort and design

FOR YOUR DAILY WELL-BEING.

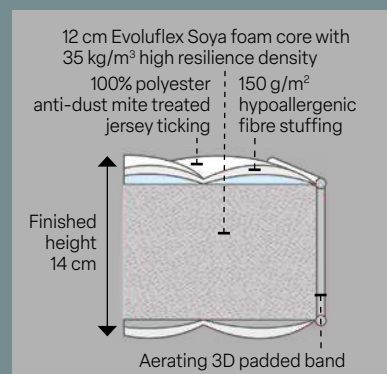

LUXURY BEDDING

Because "good sleep means good health", we want to offer you maximum comfort. All our mattresses are made from 35 kg/m² density soy-based Evoluflex foam, with a slatted base.

FEATURES:

- 12 cm highly durable foam panel.
- 150 g/m² hypoallergenic fibre padding.
- Anti-mite jersey ticking on both sides.
- Adapts to your body shape.

Choosing Fleurette Constructeur,

THE FRENCH
PREMIUM MOTORHOME
SPECIALIST.

MASTERY OF MATERIALS, A FLEURETTE SIGNATURE

FLEURETTE CONSTRUCTEUR is one of the few companies with its own polyester workshop, enabling it to manufacture all its furniture and composite parts. A unique know-how and keenly apply with passion to satisfy all of our Fleurette & Florium motorhome enthusiasts.

MODELS CREATED BY OUR OWN DESIGN DEPARTMENT

Using high-performance design software, our developers work assiduously every year to offer you new facilities and ingenious layouts that match your lifestyle, with spacious storage facilities.

BUILT-IN JOINERY

Today, combining industrial performance, digital order processing and artisanal craftsmanship, the joinery team draw on their skills and a wide variety of processes, working together to continuously enrich the layouts and facilities of our motorhomes.

Two wood finishes, two styles:
Walnut on Fleurette and Ash on Florium.

100% REINFORCED POLYESTER BODYWORK

Today, FLEURETTE CONSTRUCTEUR is the only manufacturer in Europe offering 100% polyester bodywork vehicles, which are produced entirely in our factory in the Vendée region.

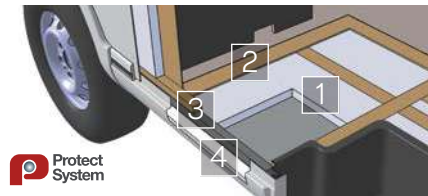

HIGH-QUALITY, LONG-LASTING RAW
MATERIALS:

- 1/ « High-tech » gelcoat.
- 2/ Fibreglass reinforcements.
- 3/ Resin matrix.

RECOVERY SYSTEM: THE ONLY ASSEMBLY METHOD OF ITS KIND IN EUROPE

- The roof, hood and rear are attached/glued without drilling, by covering the sides.
- Wraparound panoramic wide-angle windscreen: increased visibility for your safety.
- Lowered full-width polyester storage area on reinforced chassis extension. It is padded and heated for greater insulation.
- Flush window improving the thermal insulation and security of your vehicle (cannot be removed from the outside).

PROTECT SYSTEM: OPTIMAL DURABILITY AND INSULATION

The insulating XPS Styrofoam (30 mm of Styrofoam on either side and in the floor) has considerable thermal and acoustic insulating properties, as well as water-resistance and lightness.

The mix of fibre composite and wood, uniting composite's long life with the exceptional solidity of solid wood, strengthens the structure of walls and floor.

- 1/ Styrofoam 2/ Wooden batten
- 3/ Polyurethane batten 4/ Polyester

EXCELLENT SERVICE QUALITY for worry-free purchases

SERVICES
FREE-OF-CHARGE
FOR THE FIRST
YEAR

FLEURETTE ASSISTANCE :

24/7 in France, abroad or at home, a team of trained on-line motorhome troubleshooting and assistance engineers are on hand to reassure and assist you whatever happens.

Services free-of-charge in the first year for all new Fleurette* and Florium* motorhomes

*After 12 months, you will be asked if you wish to continue the service. For more information, contact +33 (0)3 29 29 85 85

To find out more about our assistance service, visit www.fleurette-constructeur.fr/en

6-YEAR
WATER-
TIGHTNESS
WARRANTY

WARRANTY AND SERVICES:

All materials in contact with the exterior are rot-resistant and create a watertight shield that enables us to offer you a 6-year water-tightness warranty, after an annual humidity check.

To ensure the extended warranty remains valid, you must have a weathertightness check performed every year by a Fleurette-Florium operator.

YOUR FINANCIAL PARTNER

LET'S STAY IN CONTACT

www.fleurette-florium.fr/en/
www.fleurette-constructeur.fr/en/

Note that motorhomes are leisure vehicles and are not intended to be lived in permanently. Any damage or deterioration due to such usage will not be covered by the warranty.
