About Us

This year promises to be sensational here at Wandahome South Cave. We have so much to talk about this season with many exciting new models, whole new ranges and a dozen new special edition touring caravans and motorhomes.

Our huge base is in South Cave, 12 miles West of Hull along the M62/A63 motorway. We have hundreds of new and pre-owned vehicles available to view, as well as a large Accessory Shop, extensive Aftersales and Workshop facilities, a CaSSOA Gold-Standard Storage Compound for around 700 vehicles and a beautiful tree-lined campsite which our customers simply love.

This year's extended brochure is jam-packed full of wonderful vehicles, including our new Special Edition range of Ace motorhomes and our five new 8'-wide Special Edition touring caravans. The wider models have taken the industry by storm and explains why Swift have announced ten new base models and Bailey have introduced a whole new range.

For the 2020 season, we've extended our ranges of Fleurette motorhomes and Westfalia campervans. These vehicles are beautiful and luxurious, with two new layouts designed with our input.

Please visit our website www.wandahome.online and keep in touch with our special offers, news and events by subscribing to our newsletter.

Also see our Waudby's Shop website at www.waudbys.co.uk which provides online shopping for thousands of everyday and unusual camping and caravanning parts, extras and accessories.

In this brochure, we will introduce you to our Corporate and Community responsibility programme. There's more information on our website about all these support initiatives for a wide variety of charities and community organisations.

Swift Touring Caravans

This season Swift have introduced ten new 8'-wide touring caravans to their portfolio. In addition, we have extended our range of special edition Ace and Corniche caravans, so there are now seven 8'-wide models available.

Our Ace extras and furnishings are the best we've ever had and will provide you with the most competitive value available on the market. The Corniche, based on Swift's Challenger, continues to provide that extra level of comfort and luxury that our long-standing customers have come to know and expect.

Swift are continuing developments with the Basecamp, their funky little head-turner.

Bailey Touring Caravans

For 2020, Bailey of Bristol have produced their widest range of touring caravans in their 72-year history. The new lightweight Discovery range will generate interest from the younger market, in addition to people who maybe wish to downsize their towing vehicle.

Bailey have introduced the new luxury 8'-wide Alicanto range, with models named after Portuguese cities. As if they haven't done enough, Bailey have also uplifted the Unicorn range, now known as Unicorn Black Edition.

Westfalia Campervans

Interest in the VW Westfalia Kepler One, Six and Sixty campervans has been breath-taking. For 2020 we now include the limited edition VW Kepler One Iconic which generated lots of interest before customers could even see it.

As well as the VW range, we are now introducing the Mercedes Jules Verne campervan range to provide an extra level of luxury. Wandahome South Cave are one of the few recognised Westfalia dealers in the UK.

Bailey Motorhomes

Bailey continue to be among our best-selling motorhomes. The Advance, Alliance and Autograph ranges have all sold incredibly well but Bailey are still pushing ahead with re-designs. The Alliance Silver Edition now features a silver cab amongst other changes.

Significant enhancements can be seen in the top-of-the-line Autograph range which all now feature black cabs, complete re-designs and new layouts, including the new 81-6 model

Swift Motorhomes

Swift have introduced a new motorhome range called the Edge, aimed at the new-to-touring and a younger market.

We are excited to announce our brand-new special Edition Swift Ace motorhome. Our Ace brand is synonymous with quality, value and is instantly recognisable.

With five models offering 2-berth to 6-berth layouts, the Ace range will provide great choices and the best value-for-money in the market.

Fleurette Motorhomes

We've extended our range of Fleurette motorhomes for 2020. There are three Fleurette ranges and four Florium ranges, including the superb Florium Black Pearl limited editions.

Two of the new layouts have been designed with input from Wandahome South Cave – the results are simply stunning.

Pre-Owned Vehicles

We typically stock around a hundred quality touring caravans, motorhomes and campervans from all major UK and European manufacturers. We have vehicles to suit all budgets, so please visit www.wandahome.online or come and see us here at our Wandahome South Cave site. You could even stay over on our onsite Holiday Park and enjoy our hospitality as well as taking the opportunity to visit local Yorkshire tourist attractions.

Introducing the new 2020

Westfalia VW Iconic & Mercedes Jules Verne

Due to the outstanding interest and success with the Kepler range, Wandahome have extended the range of new campervans for our 2020 season.

A limited-edition VW Kepler Iconic has already proven to be an instant success, with several enquiries and sales even before it was available to view in person. Based on the Kepler One layout, the Iconic features two-tone green-white exterior and a classy cream and brown interior.

There is now a top-class alternative to the VW-based Kepler with the introduction of the Mercedes Jules Verne range of campervans. Also built by Westfalia in France, these are sure to be as popular as the Kepler range with our customers. Available in a variety of colours and options, the Jules Verne campervans are built on the Mercedes Vito cab.

Colour subject to change.

Introducing the new 2020 Fleurette & Florium

Our partnership with Fleurette began last year and it's been a resounding success. Fleurette are very proud to state that all their elegant vehicles are "Made in France" as they are top-quality luxury vehicles.

Migrateur & Baxter Ranges

Providing a choice of pale-wood or cherry-wood interior, the Fleurette Migrateur and Florium Baxter range includes new chrome-profile cupboard doors, a new, ultra-comfortable Evoluflex mattress French bed. The 60 LG model has an L-shaped lounge, whereas the new 64 LDF* has a Face-to-Face lounge layout. Both feature a new kitchen working surface and new lights with USB plug.

* The Baxter 64 LDF is available as a Florium Black Pearl limited edition.

The 2020 Bailey Touring Caravan Range

Bailey of Bristol unveiled their biggest ever product announcements for the 2020 season with the introduction of two new ranges and a major uplift to an existing range. This generated massive interest amongst customers, dealers and the media and only adds to the excitement for us here at Wandahome.

Discovery range

The new lightweight Bailey Discovery range provides three great layouts aimed at newcomers who've never toured before or have downgraded their towing vehicle and the Discovery is priced to compete within this market.

Uniquely featuring a tall-central front window and curved wrap-around rear panel, the exterior colour is slate grey for added exclusivity. Graphite-colour alloy wheels, skylight, the Truma Combi heater and grey/mustard soft furnishings all come as standard features.

All three model have optional bespoke awnings which wrap around from the side to the rear of the caravan, hugely increasing your floorspace. There's even a sleeping compartment available to sleep extra visitors. The large A-frame is designed to fit an optional Thule cycle rack or storage box.

The 2-berth end-washroom D4-2 model is going to be extremely popular and we love the new 3-berth D4-3 layout Bailey have designed which has lounges at both front and back with fold-out beds. The 4-berth D4-4 has a French bed and transverse end-washroom.

Phoenix range

When the lightweight Phoenix range was launched last year, it was an immediate success. There are seven layouts available in the range to suit couples and large families who are looking for great value- for-money.

Pegasus Grande range

Bailey's first totally 8'-wide range provides six layouts and a great specification, including Al-Ko ATC, 100w solar panel, Truma Combi heater and many other features.

Unicorn Black Edition range

For 2020, Bailey have re-designed the Unicorn range and created the sophisticated limited availability Black Edition, with seven models available. This is a beautiful-looking caravan and will attract existing and new Unicorn owners.

Featuring graphite-coloured alloy wheels, Al-Ko ATC, Alde heating, 100w solar panel and a new kitchen splashback, while the Italian-interior design features curved locker doors and mirrored front corner locker sections.

Alicanto Grande range

The three 8'-wide Alicanto Grande models announced for 2020 are Bailey's new flagship range,

providing an even greater specification than the Unicorn. All models are named after places in Portugal.

Innovative features including an L-shaped kitchen, corner headrests on lounge seating, fridges with double-hinged doors that can be opened from either the left or right alongside many features provided as standard on the Unicorn, such as Alde heating, Al-Ko ATC, 100w solar panel, etc.

There are two upholstery choices, the standard-supplied lighter 'Farrington' with the darker 'Portobello' upholstery available as an upgrade.

The Alicanto Grande Sintra has transverse island bed with end-washroom layout. The Alicanto Grande Estoril has twin beds and end-washroom. The largest van in the range is the twin-axle Porto featuring a rear-island bed and centre washroom.
